Billing information

Please contact your insurance company as soon as possible to verify your coverage. Your colonoscopy/endoscopy are considered and billed as outpatient surgical procedures. They are done at a outpatient surgical center or hospital not at the doctor's office. Please note there will be separate charges:

1) surgical center, 2) doctor fee, 3) anesthesia and 4) biopsy and/or polyps.

Call the customer service number on the back of your insurance card for further questions. You will be responsible for any co-pays or deductible at the time of your procedure unless you have made prior arrangements for payment plans. If you need payment arrangements please call the Citrus Surgical Center at 407-472-5095. These charges are determined by your insurance plans.

Please be aware there is a difference between a screening colonoscopy (there is nothing wrong with you and you are African American 45 years old, and age of 50 for all others), diagnostic (there is something wrong ex: rectal bleeding, diarrhea).

Any questions regarding Anesthesia before hand you may call 866-951-5247, our office cannot answer questions regarding anesthesia, this is not part of our office.
